Eric,

Here is the USCG photo showing the container location where the sample was collected. The map showing the location along the stream that you have in the report is accurate.

Steve,

Sorry for the late reply - I'm down in Houma, LA house hunting.

Below is photo of rope mop basin that was skimming Blacktail Creek where I grabbed a sample on January 26, 2015.

V/r,
Conán Blanchard
USCG Pacific Strike Team
